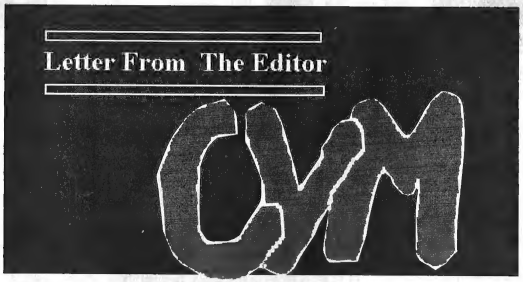
Letter From The Editor



To CVM Reader

From Comics Values Monthly

First thing I want to do is to apologize for the misspelling of Isaac Asimov's name on the cover of issue #106. I did not communicate this correctly to the printer, therefore it was not spelled correctly. To this date only one person has noticed this fact, thank you Camden Percival.

We, who are comic fans, are exposed to various perceptions of heroes every time we pick up a comic book. Therefore, we tend to play down the actions of real life every day heroes. I would like to dedicate this issue to those people. To the Cal Ripkens, Michael Jordans, Doctors, Rescue Workers, Firefighters, Farmers, and everyone who works to make life in America a little more comfortable, safer and enjoyable, I salute you.

Future Picks

ACCLAIM-Acclaim has done wonders with their new Valiant, Armada and Windjammer imprints. Valiant, especially, has benefited from the rejuvenation. Featured in September, The Eternal Warrior's immortality may be in danger from a wound to the heart. Is this the end for Gilad? A new powerful villain is introduced in the pages of Solar, one of the most improved stories in the Valiant imprint. The best improved title is definitely X-O Manowar, with devastating artwork from Bart Sears. If you are an art fan, you can't be without these. Armada is not without its own commendable books. The Antiquities War is an excellent origin for the Magic the Gathering World. The first issue was well written and worth the 2.50 cover price.

ANTARCTIC PRESS- Warrior Nun Areala was a huge success for Antarctic Press. With Success usually comes spin-off titles. Shotgun Mary features a cast out nun who still fights for the cause of the nuns. Kickin art and a variant edition that comes polybagged with a CD soundtrack by Pink Filth should constitute a real reading event.

CALIBER PRESS- Following the awesome Oz series, Caliber will be releasing four Oz Specials. Each special will focus on a hero from the Land of Oz. The first two specials will be the Oz Special: Scarecrow and Oz Special: Lion.

COMICO- Comico, the publisher of the Elementals has made a comeback and just released their third title Strike Force America will ad itself to the already existing titles of Oblivion and Elementals.

DARK HORSE- As of late, Dark Horse has sought to integrate a better superhero universe into their line-up. Joining veterans X and Ghost and rookies Oktane and Motorhead, is a brand, spanking new series for the Mark. With a new creative team of Todd Johnson and Larry Stroman, The Mark will be a welcome edition to the Dark Horse Heroes Universe. Also in the future, look for GI Joe to move to Dark Horse for a all new era battling Cobra.

DC- A new storyline x-over will be running through a majority of DC comics. A shadowy figure named Neron is offering heroes and villains alike more power. But at what price? The Underworld Unleashed runs through Aquaman #14, Azreal #10, Damage #18, Green Arrow #102, Guy Gardner Warrior #36, Underworld Unleashed #1, Extreme Justice #10, Flash #107, Primal Force #13, The Spectre #35, Green Lantern #68, Hawkman #26, Justice League America #105, Rebels 95' #13, Starman #13, Underworld Unleashed: Apokolips

Dark Uprising #1, Detective Comics #691, Fate #13, Impulse #8, The Ray #18 and Steel #21. Who will get new powers? Which heroes will pay the price to counter the villains? Also look for League of Justice #1, an Elseworld story by Ed Hannigan and Dick Giordano.

ENTITY- Featuring new and refreshing characters with eye popping computer generated coloring , Entity is carving a large piece of the market for themselves. The Entity line up includes Raff Ienco's Gensaga: Ancient Warrior, Aster the Last Celestial Knight, Metal Militia, Nira X: Cyberangel, Shaiana, and Strangelove.

HIGH IMPACT- Double Impact is one of the most popular bad girl comics out there. Featuring China and Jazz, two beautiful and well-built packages of Dyno-mite, Double Impact #4 is a must for bad girl lovers.

IMAGE- As Image prepares for the coming of Bone, they are offering all kinds of little goodies to appease us. An all new chapter in the Youngblood saga kicks off with Youngblood Vol. 2 #1. The roster for the new team was chosen by readers last month and kicks into high gear with the new book. X-Men artist Roger Cruz joins in to help on the artistic chores. Wildstar returns in an all new ongoing series with Al Gordon and Chris Marrinar at the helm. Also returning to a new series is Vanguard, who will be drawn by new super-talent Scot Eaton. The new series will be entitled Vanguard: Strange Visitors. It is also Glory month at Image and she really struts her stuff in a crossover with Avengelyne from Maximum Press. For the Gen 13 fans, don't miss Gen 13 #5 for the introduction of a new Gen 13 member that will also lead into Deathblow #20.

MAXIMUM PRESS- The other end of a crossover between Image Comics and Maximum Press is Avengelyne/Glory #1. This issue has guest appearances galore from Image Comics.

NEWCOMERS PUBLISHING- Newcomers Publishing focuses on new artist and writers, introducing them into the comic public. Usually offering are several titles a month. Included in this offering is Justice #1 by Ken Varlarde, Newcomers Illustrated #12 (An anthology title), Reaper #3 and World of Fantasy #1.

SIRIUS ENTERTAINMENT- Dawn #1 was met with a chorus of applause and acclaim. The second issue has arrived. This blockbuster hit is by Joseph Michael Linsner and accompanies Poison Elves #5 for release.

TEKNO-COMIX- Leonard Nimoy's Primortals is a fantastic vehicle about human reactions during a alien encounter. In issue 11, Primaster is on Earth and making his way toward Zeerus. The only obstacle in his way, the US Army.

TOPPS- With the popularity of the X-Files running rampant, Topps has issued a new series, X-Files Digest. The Digest is created by Stefan Peturcha and Charles Adlard.

MARVEL- The Punisher has been a large piece of the Marvel Universe for a very long time, until recently. Mr. P has gotten a full bodylift. All of the old Punisher titles are canceled and a new Punisher title has been started. Punisher #1 begins with Frank Castle in the electric chair. A new era is an excellent place for new readers to start. Speaking of new eras, we won't be seeing the face of Spider Man that we have known and loved. All monthly Spider Man titles have been replaced. Scarlet Spider #1, Spectacular Scarlet Spider #1 and Scarlet Spider Unlimited #1 are the replacements.

MALIBU- Black September kicks off with all new titles and events transpiring across the Ultraverse. An All New Exiles led by the Juggernaut and Sienna Blaize from the Marvel Universe will be a pivotal force in the new Malibu Universe. Also, Prime exhibits new powers and introduces Spider-Prime. All Ultraverse titles will be numbered infinity to celebrate the new beginning.

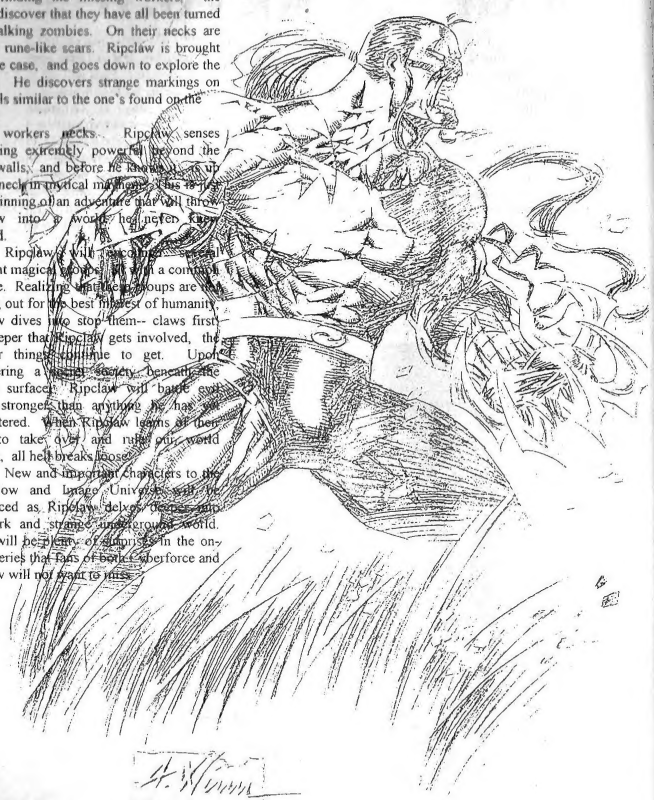
RIPPIN' REVIEW

Image's favorite Native American super-hero is finally getting his own on-going comic book series this Fall. Fans have been begging for Ripclaw solo action ever since his first striking appearance within the pages of CYBERFORCE. This past summer, fans got their wish when the RIPCLAW mini-series by Brandon Peterson made it's debut. The series was overwhelmingly popular, and the requests for an ongoing series continued to pour into Image offices. The highly anticipated RIPCLAW SPECIAL by Jordan Raskin only helped to sedate fans for a brief time, as the anticipation for a regular series continued to grow. Finally, the wait is over--fans of the fearsome Cyberforce member will get to see their favorite hero in monthly solo action beginning in October!

The ongoing RIPCLAW series will explore a side of Robert Bearclaw that is rarely seen on the pages of Cyberforce. Fans will get to see hoe Ripclaw spends his time when he is not busy slashing away at Cyberdata S.H.O.C.s. With the threat of Cyberdata at a minimum these days, Ripclaw decides to take on a part-time job teaching an Archeology class. With strong ties to the mystical world, Ripclaw is somewhat of an expert on the strange and unusual. He teaches his students that there is much more to life than meets the eye.

In the first story arc, Ripclaw discovers that there is a lot more magic and mysticism tied to our world than even he knew about. In the sewers, beneath New York City, the police are sent to investigate

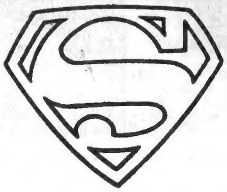
the disappearance of some sewer workers. Upon finding the missing workers, the police discover that they have all been turned into walking zombies. On their necks are strange rune-like scars. Ripclaw is brought onto the case, and goes down to explore the sewers. He discovers strange markings on the walls similar to the one's found on the sewer workers necks. Ripclaw senses something extremely powerful beyond the sewer walls, and before he knows it, is up to his neck in mystical mayhem. This is only the beginning of an adventure that will throw Ripclaw into a world he'd never knew exsisted.



Ripclaw will encounter many of the different magical groups that exist in a common purpose. Realizing that these groups are not looking out for the best interest of humanity, Ripclaw dives into stop them-- claws first. The deeper that Ripclaw gets involved, the stranger things continue to get. Upon discovering a secret society beneath the Earth's surface, Ripclaw will battle evil forces stronger than anything he has ever encountered. When Ripclaw learns of their plans to take over and ruin our world entirely, all hell breaks loose.

New and important characters to the Top Cow and Image Universe will be introduced as Ripclaw delves deeper into this dark and strange underground world. There will be plenty of surprises in the on-going series that fans of both Ripclaw and Forceand Ripclaw will not want to miss.

WHAT MAKES A HERO, A HERO?



The definitions of hero, according to the Random House American College Dictionary, are a man of distinguished valor or performance admired for his noble qualities, One invested with heroic qualities in the opinion of others, the principal male character in a story, play etc., (in early Mythological antiquity) a being of Godlike prowess and beneficence, often a "culture hero" who came to be honored as a divinity, (in the Homeric period) a warrior chieftain of special strength, courage, or ability, (in later periods) an immortal being intermediate in nature between Gods and men.

In contemporary American comic literature, a person will be hard pressed to find a character who possesses the kind of qualities that are considered heroic such as courage, integrity, kindness, and loyalty. One hero, in particular, happens to measure up to those standards and has done so for more than forty years. This hero from another era has managed to keep his principles and morals. This hero happens to be Superman.

Superman is an icon of a nation, a phenomenon from one man's imagination. Every one in America know his name and what he looks like, everyone wants to be like him. How many athletes have the Superman symbol tattooed on their arm. Every product you can think of has had a Superman face on it at some time. Even when Doomsday apparently killed Supes the event was covered by TV, Newspapers, and Radio, making it the biggest event in comics history.

Why is Superman so popular? Why is he larger than life? It is because he is a unselfish, self-sacrificing, kind, loyal, strong, and humble. People love him because the don't have those qualities close to them in this world. He is what everyone wants to be but can't achieve it in today's dog-eat-dog world. Here's to Superman may he be our role model for a very long time.

Dear CVM,

I'd like to say CVM is the best price guide available today Some of the other so called "comic price guides" make me sick. They don't focus enough attention on what their mags are supposed to be " a price guide". CVM's price guide blows the others away by far.

I would like to make a few suggestions that I believe would make CVM even better. 1- Include promo's, 2-print more letters, 3-expand the regional reports, 4-have a hottest comics list

P.S - I wish CVM success in the future after a rough last couple of years

Sincerely,

Jeff White
Tuscaloosa, AL

Thanks for all the support, Jeff, as for your suggestions we are already revamping both CVMovers and CVMail.

Dear Comic Values Monthly,

I have a figure that I would like a value on I looked it up in the April 95 issue and you did not have it listed. the figure is of PHANTASM from BATMAN MASK OF THE PHANTASM. I found it a while ago and I haven't seen it since. Your help would be greatly appreciated!

Thank you very much,

J Marchiafava

Well, the figure is valued at about $25.00 and was made by Kenner in 1993. Thanks for writing in.

CVM,

I'm not sure what's the deal with your "new" magazine (three missing issues, no letter page, almost no articles, "Future Picks" that are old by the time the mag is released, etc), but I have noted the following errors/ points of annoyance.

DC
- " Dragonlance" has NO description of any of the 34 issues

Marvel
- "Mutants. The Amazing X-Men" should be listed as "Amazing X-Men"
- "Mutants· The Astonishing X-Men" should be listed as "Astonishing X-Men"
- "Mutants: Generation Next" should be listed as "Generation Next"
- "Wild Thing" has no description for issues 8-13.

Dark Horse
- "Bacchus Color Special" #2 was never released
- "2112" is listed twice (once at the beginning, once under "t")
- "Book of Night" & "Dead In the West" each have two listings with no indication as to how each listing is different
- "Bubble Gum Crisis· Grand Mal" has a listing for "1 thru 2" and "3" at the same price, why not just list "1 thru 3"?
- "Devil Chief" should be listed as "Devil Chef"
- "Ghost In A Shell" should be "Ghost In The Shell"
- Why isn't "Ghost Special" listed as "special" under the regular "Ghost" listings?
- "One Bad Rat" should be "Tale of One Bad Rat"
- "The Vortex" doesn't exsist
- "Terminator " should not have the "." in the title
- "X" Hero Special 1&2 ar not listed
- "Agents of Law", "Hero Zero", "Mecha", and "Motorhead" do not have the "Comics Greatest World" under title.

Image
- "Art of Erik Larson" was never released

Malibu
- "Elimantor" should be spelled "Eliminator"

- "Prototype: Turf War" was never released
- "The Squad" should be listed as "Ultraverse Year Zero: The Death of The Squad" and should be listed as Ultraverse not Bravura
- "Strikeback" #4 & Special were never released
- second "Warstrike" listing should be "Warstrike: Prelude to Godwheel"
- "Dreadstar", "Edge", "Man Called A-X", "Metaphysique", "Nocturnals", and "Strikeback" should all have Bravura under title.
- "Elven", "Eliminator", "Godwheel", "Hostile Takeover", "Lord Pumpkin", "Mantra Spear of Destiny", "Necromantra/Lord Pumpkin", "Rafferty", "Ripfire", "Rune/Silver Surfer", and "Ultraforce" should have "Ultraverse" under title

Acclaim

- "Deathmate" Black should indicate I Gen 13
- "Harbinger Files Harada" should just be "Harbinger Files"
- "Valiant Vision Starter Kit" #2 was never released

Color Independents

- "Paladin Alpha" was never released
- "R.A.Z.E." was never released
- "Shi" #7 was never released
- "Shogonaut" was never released
- "Strangers In Paradise" is not listed

The above suggestions pertain to issue #105. I will keep an eye out for error correctiosn I mentioned above in future issues When I notice the corrections, I'll write again Doing my best to help you improve your magazine

Christopher

Christopher,

Thanks Christopher we appreciate your attention to detail and your suggestions. We have made the corrections on most of the points. The answer to one of your questions pertaining to the "Ghost Special" is that the special is a collection of Ghost appearances up to and before the release of the new Ghost series, therefore not a part of the series. You sure do have a lot of spare time on your hands!
